What can you do to Prevent Crime in your Community

To prevent the Crime in our Community we need to work together as a team to fight Crime that is happening in our Community.

What I can do, I would Call up the meeting with the Community and ask them to patroll at night and during the day because it's affecting all of us, and it's happening all the time it doesn't matter whether it is day or night. I believe by doing that we Can keep our Streets and home Safe and in order to do that we need the Community. We need to work together hands and hands to achieve the Patrolling and Prevent the Crime.

In our Patrolling, working together as a Community will be helping the Police as well.

When we do Patrolling if we find any Crime happening, we will Call the Police immediately to Come and arest those People. If we dont put everything in the Police hands but help the Police to find those People who Corrupt our Community, we Can be Safe and we can put an Stop to Crime. Police needs us as Community to fight Crime we Can't Say the Police are not doing there jobs while we See the People Breaking the law in front of us and we do nothing, we wait for us and we do nothing we wait for Police I believe, us as Community and Police we need to work together to Prevent Crime to put Stop on it for all.

The drugs are effecting our youth big time and Community needs to take a Serious action against it. We need to expose the dealers to the Police as Community to try minimise the Volume of drug dealers in the Community.

I would go aproach the mayor to Provide Some learning Skills Centtre and Create jobs appotunity for the youth in our Community. Just to keep them out of Street and keep them busy with Something. That will help a lot because everybody would have Something People wont be target of robbery. I believe that our Street will be even more Safer.

I believe working together we can Prevent Crime we can put an Stop to it Once and for all.
